Congratulations! You have successfully completed a free online offering of **Introduction to Databases**, offered **January** through **March 2013**. To successfully complete this free online class, students were required to watch lectures, complete quizzes and automated exercises, and take a midterm exam and a final exam. Receiving "with Distinction" recognition additionally required completing challenge-level exercises and achieving a strong score on the entire course.

According to our automated system, your scores on these components were as follows:

- Quizzes: **71.0** out of a maximum of **71.0**
- Exercises: **54.0** out of a maximum of **54.0**
- Exams: **33.0** out of a maximum of **38.0**
- Challenge Level Exercises: **46.0** out of a maximum of **46.0**
- Scaled Total (exercises doubled, exams tripled): **278.0** out of a maximum of **293.0**

We thank you for your interest in studying databases, and for participating in our ambitious experiment to deliver quality educational content to a worldwide audience.

Sincerely,

Jennifer Widom
